Printed Name and Title \_\_\_\_\_

Date(s) of Service \_\_\_\_\_

Number of Hours or Minutes \_\_\_\_\_

Each student is to do 2 hours of community service per week. Service is to be done at school or church only. Students may do work for a neighbor, but may not receive money for work. Chores at home do not count for community service hours.

If student is part of church program (telling children's story, special music, scripture, prayer, collecting offering, ushering) it will count for 30 minutes of service.

Students may speak with principal or another teacher to find a service that they can perform all year for the school. Students are graded on hours completed and quality of the job performed.
